The manual and vocabulary sheet can be obtained by contacting the instructor below and making arrangements to pick them up or receive them in the mail.
2. Allow at least 2 weeks before class to receive and to complete the manual and vocabulary sheet.
3. Please bring #2 pencils and a highlighter to class, along with your Student Manual and work sheets.
4. Students under age 18 must have a Parent or Legal Guardian in attendance to sign release forms, however, parents are not required to register unless they plan to take the test to receive certification along with the student. The materials are written at a 6<sup>th</sup> grade level and students should be able to read and comprehend at this level. There will be assistance available for persons with a reading handicap or disability. Students will be required to pass the test with a score of 80% or better, and if successful, you will receive your certificate before you leave.
